# Security Solutions

Physical security for desktop and notebook computers is more than just protecting valuable assets. It's about protecting company data – and the company computer network.

Data left on stolen laptops can jeopardise an entire company. Confidential customer information, legal and financial information, merger and acquisition plans, leads and opportunities, and corporate directories, files and databases all reside on computers and put a company at risk.

Stolen laptops are windows for criminals to enter the company's computer network! A 1998 FBI study found that 57 percent of network break-ins are committed using stolen laptops. Also a recent study (Kensington Europe, June 2001) shows that 60% of Computer theft occurred in the office. So don't become a statistic, protect your computer equipment with Kensington Security Products!

**Kensington security solutions are the first line of defense for keeping a company's data secure. Remember – if your notebook's unlocked, your network is too.™**

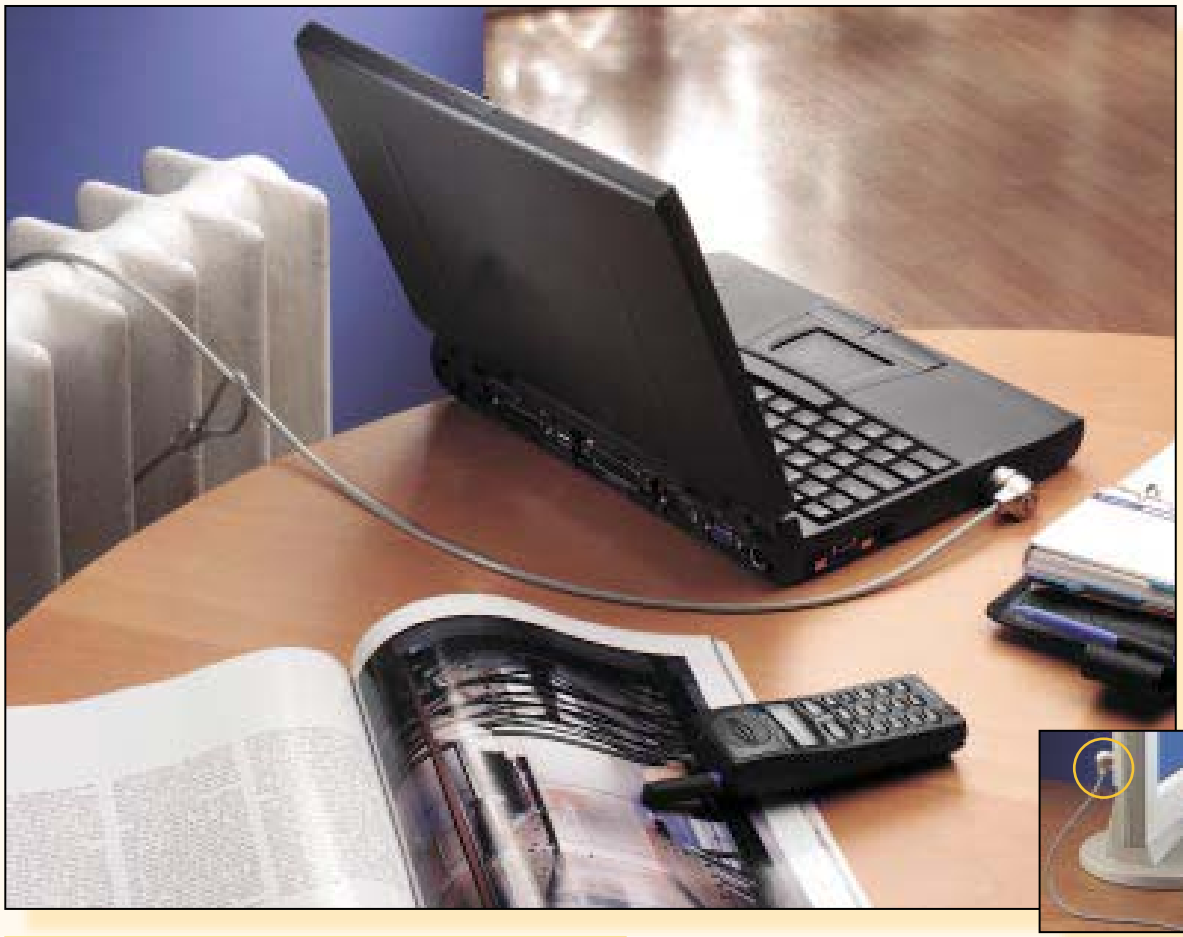
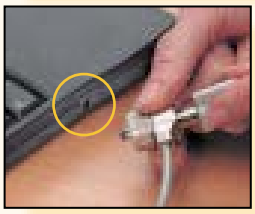
❖ Compatible if the product has a built-in Kensington Security Slot
A complete listing of products with the built-in Kensington Security Slot is available at **www.kensington.com** or **www.microsaver.com**

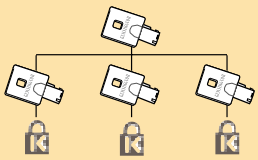




## Custom-keyed options offer flexible protection

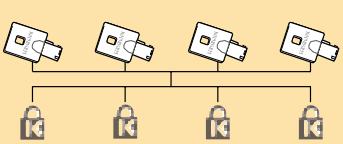
**With the Kensington custom-keyed options, companies can control computer equipment access**

### Master-Keyed



Each product in an order has its own keys, but a master key created during manufacturing can open all locks in that order. The Master-Keyed option offers IS/IT/Facitlities management more control over equipment security and prevents downtime caused by misplaced keys

### Like-Keyed



Each product in an order has the same lock and may be opened with any of the identical keys. Well-suited for companies with a low risk of internal theft, the Like-Keyed option permits employees to access any secured equipment and doesn't require a master key.

### How to Order Custom-Keyed Products

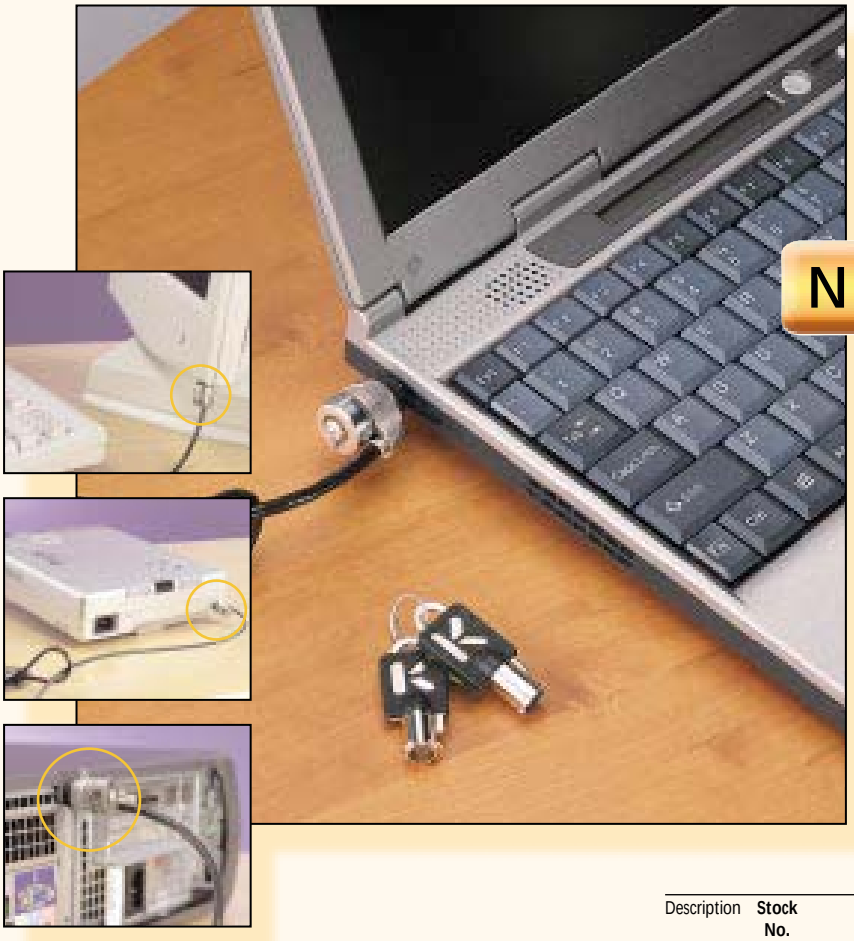
Custom-keyed products are available by special request, please contact your dealer or distributor to place your custom master-keyed or like-keyed order and to confirm lead time.

## Notebook MicroSaver® Security Cable

### Secure & Protect Computers from Theft

- The industrial Standard for Computer Security, approved by all major Manufacturers
- Microsaver® patented T-Bar mechanism fits into the Kensington slot, built into 95% of Notebooks and also LCD projectors, TFT Monitors, CPU's, Scanners …
- Very easy to install with no unsightly components stuck onto your equipment
- Convenient Velcro strap allows for compact travel and storage
- Strong 1.8 m cable is an effective and visual deterrent

| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| Notebook Microsaver Security Cable | | | | | | |
| Retail | **64068** | 191 x 320 x 216 | 356 x 203 x 241 | 1 | 10 | 2.5 |
| BulkPack | **64168** | | 892 x 216 x 180 | 25 | 1 | 4.5 |



New!

## Slim MicroSaver® Security Cable

### Slimmer, sleeker and always stronger!

- New thinner lock fits most slim notebook computers and LCD Projectors, TFT Monitors, CPU's, Scanners …
- Strongest lock and cable – just like the original Microsaver®, with patented T-bar theft protection
- Convenient Velcro strap for compact travel and storage
- Small size of the lock doesn't give thieves space to grip, lever and break the lock out of the slot
- Strong 1.8m cable is an effective visual deterrent

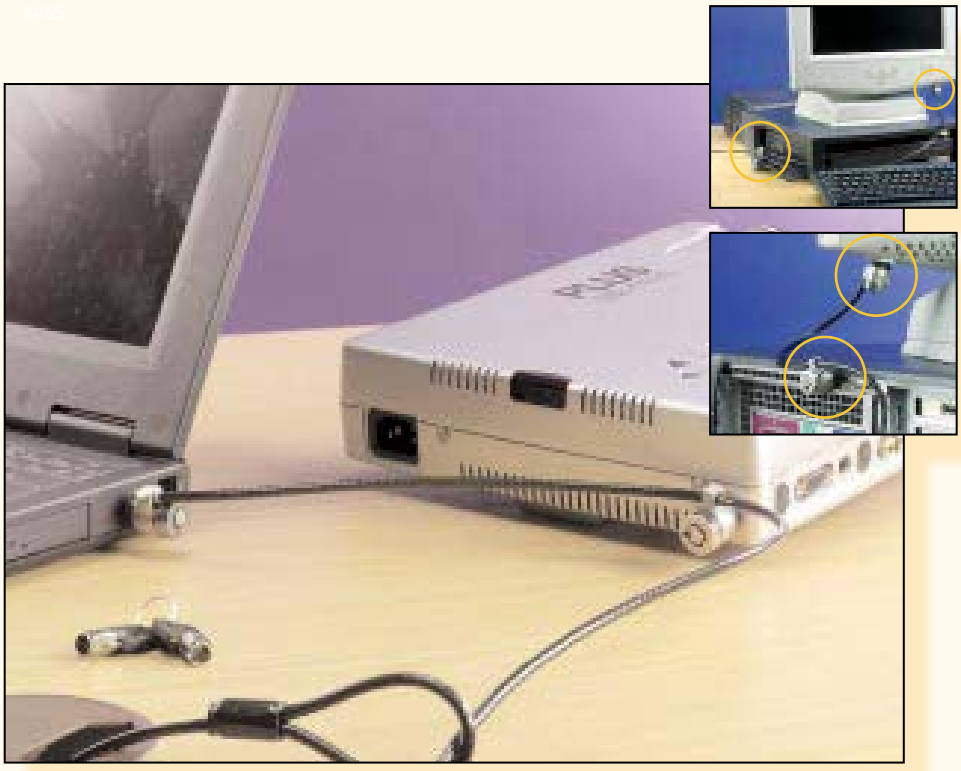
| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| Slim Microsaver Security Cable | | | | | | |
| | **64020** | 191 x 320 x 216 | 356 x 203 x 214 | 1 | 10 | 2.5 |
| BulkPack | **64021** | | 242 x 816 x 180 | 25 | 1 | 4.5 |

## Twin MicroSaver® Security Cable

### Secure up to two pieces of computer equipment

- Lock two pieces of computer equipment (Notebook, TFT Monitor, LCD Projector, Docking Stations or CPUs) by inserting the locks into the Kensington Security Slot
- Strongest locks and cable, just like the original Microsaver® with patented T-bar theft protection
- One lock slides along the 2.2m cable to allow adjustment of distance between two units
- Small size of the lock doesn't give thieves space to grip, lever and break the lock out of the slot

New!



| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |

## Sonic Lock

### Stop theft before it starts

- Laptops will no longer be stolen from airports!
- Lightweight lock with motion-detecting alarm attaches to carrying cases or to Notebook computers with the Kensington Security Slot (adapter included)
- Heavy-duty shackle prohibits thieves from cutting the alarm off a computer case
- Quickly disarms with customisable code
- Three motion-sensitivity settings appropriate for any environment
- Convenient, three digit user programmable numeric keypad

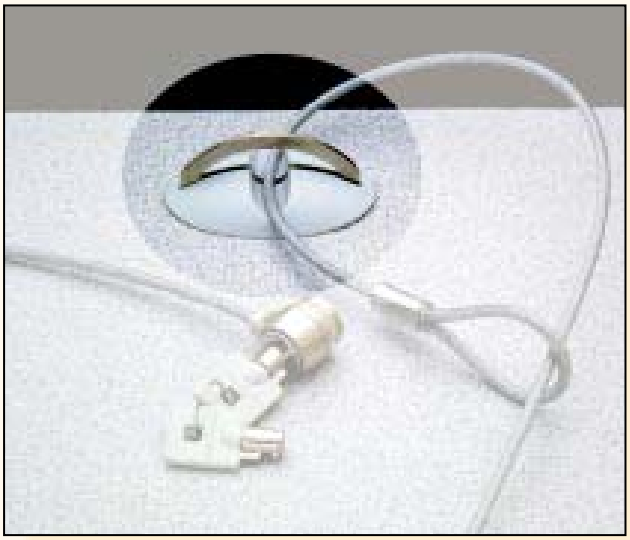
| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| Sonic Lock | **6423300** | 165 x 254 x 222 | 228 x 178 x 225 | 1 | 4 | 0.9 |

## Desktop MicroSaver®

### Secure up to three pieces of computer equipment

- Specially designed plates bond securely to equipment or Desktop surfaces
- Strong 1.8m galvanised cable and locking device
- Equipment can be daisy-chained together

| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| Desktop MicroSaver | **64162** | 191 x 318 x 216 | 345 x 203 x 248 | 1 | 10 | 3.8 |



## Anchor Point

### Turn any surface into an immovable anchor

- Easily anchors Notebook Microsaver® to any surface
- Face plate prevents removal of screws

| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| Anchor Point | 64163 | 165 x 381 x 267 | 203 x 178 x 241 | 1 | 25 | 2.30 |

## 3.5” FloppyLock

### Prevent unauthorised use of disk drive to keep data safe

- Design works with nearly all 3.5” PC Drives
- Prohibits access to disk drive and introduction of dangerous viruses
- Not for use with Macintosh computers or Imation drive products
- FloppyLocks's additional foam padding ensures a snug fit to any shape of CPU and also prevents damage whilst installing
- Built-in Kensington Security Slot for use with the Notebook MicroSaver® Security Cable

| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| 3.5” FloppyLock | 62694 | 152 x 67 x 267 | 368 x 292 x 162 | 1 | 10 | 1.81 |

## MemoryLock

### Block access to the inside of your computer

- Protects hard drive and memory from theft
- Tough, all-metal construction
- Compatible with Desktop or Notebook Microsaver® cables for extended security

| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| MemoryLock | 62692 | 114 x 57 x 108 | 318 x 178 x 120 | 1 | 10 | 2.04 |

## Memory Lock with cable

### Block access to the inside of your computer

- The kit combines the advantages of the MemoryLock and Desktop Microsaver® for protection of the computer, hard drive and memory
- Secures up to three pieces of equipment
- Memory lock with cable includes Desktop Microsaver Cable, two security plates and superbond glue

| Description | Stock No. | Retail Pack Dimensions (L x W x Dmm) | Master Ctn. Dimensions (L x W x Dmm) | Retail Box Qty. | Master Ctn. Qty. | Ctn. Wt. (kg) |
|---|---|---|---|---|---|---|
| MemoryLock with cable | 62696 | 190 x 32 x 216 | 241 x 203 x 343 | 1 | 10 | 4.54 |

| | | | | |

## Don't forget to buy a security lock for your hardware equipment

1. 591,000 notebooks were stolen in 2001: increase of 53% versus 2000 (Safeware 2001)
2. 60% of computer theft occurs in the office (Kensington European Market research 2001)
3. 57% of network break-ins are committed using stolen PCs (FBI '98)
4. Notebooks and Desktops are made smaller to save space: they become more portable
5. Easier access to the interior of the CPU so:
   - Upgrades can be installed more easily: shorter service times and cost savings
   - It is easier to steal valuable components.

## GENERAL INFORMATION

### Main Component

| | | | |
|---|---|---|---|
| **Cable** | Galvanized steel with PVC coating | **T-Bar** | Steel |
| **Key** | Steel | **Ferrule** | Steel |
| **Lock housing** | Zinc alloy nickel-chrome plated | **Cap** | Stainless Steel |

### Ease of installation

1 Kensington security solutions are ready to use straight from the box.
2 It takes only seconds to install.
3 There are no additional components to lose or misplace

### Quality test

1 Patented T-Bar design of the MicroSaver family **engages the maximum amount of surface area possible in the Kensington slot:** This makes it the hardest to force out of the 'Slot'
2 Aircraft Quality Steel Braided cable will withstand 1900psi
3 Strong tests (Torque Test, Foreign Implement Test, Key Strength Test, Corrosion Test, Extreme Temperature Test, Chemical Test, Life Cycle Test)**: Kensington locks are the most difficult to twist, pull or force out of the slot.**
4 Key Combinations: more standard Key Combinations than any other Security Cable Manufacturer. **And 10 times as many Master Key Solutions. Master Key solutions are custom made.**
5 Manufactured under ISO 9001 certification
6 **Lifetime Warranty, Tech support in all countries, secured key registration service, free key replacement service.**
